

- NOTE: if a course(s) is oversubscribed priority will go to those applicants in the following order:
  1. Students in the care of the Local Authority.
  2. Students in Year 11 in the previous academic year at Hellesdon or Taverham High Schools.
  3. Have Siblings at either Hellesdon or Taverham High Schools.
  4. Are within Local Authority stated Catchment Area.

**b. Admission into Year 13**

Progress into Year 13 is based on two main criteria:

- Gaining a minimum of 3 D grades (or equivalent) at the end of Y12 on the courses undertaken.
- A satisfactory effort observed throughout Y12.

**c. Admission in to Year 14**

The use of a 'Year 14' is unusual and will only be considered for those students who have had illness or family circumstances that have affected their ability to complete either Year 12 and/or Year 13 satisfactorily. It will be at the discretion of the Head Teachers and/or Director of Sixth Form.

Criteria for entry in to Year 14 will be based on:

- A student suffering a prolonged illness and/or family situation that has adversely affected their ability to continue with their chosen course(s).
- The grades the student receives at the end of Year 13 are such that they are at least one/two grades below that which would have normally been expected by subject staff. This is based on data the Sixth Form holds on each student.

The Director of Sixth Form and both Head Teachers reserve the right, at their discretion, to refuse admission to any applicant.
